The Air Jordan 11 will have similarities to the Air Jordan 11 Space Jam but will be featured with Red accents instead of Blue, as well as a iridescent-like glossy patent leather overlay. They will feature a thick premium leather upper build (instead of the traditional mesh), much like the prototype sample pair we seen awhile ago, that will sit atop a traditional Air Jordan 11 translucent outsole.

Other details will also include an embossed Jumpman logo on the back heel instead of embroidered, as well as a Blacked out 23 on the upper heel, along with the classic rope laces, Black/Red carbon fiber and the numbers 72 and 10 on the lace tips. You can also expect another raise in the retail price tag, as they will be set to release at \$220 USD. The shoes will come housed in the traditional slide out packaging.
